

SHHHHH PET CLIPPER

**While Your Pet Is Enjoying Being Brushed
They Will Not Realize Their Also Getting A Haircut**

Non Electric & No Battery. Quite As A Mouse Making The Shhhhhh Pet Clipper Stress Free.

Shhhhhh Pet Clipper works by rolling the Shhhhh Pet Clipper across your dog or cats hair using Advanced gear ratios for cutting hair as well as a reverse roller sending the cut hair back in to it's hair collector department to be disposed of shown in video animation provided.

A.

B.

The hair cutting blades are below the roller brush shown in picture B that moves backward sending the cut hair back in to in to holding area. The cutting blades on the bottom are shown in Pictures D.

Once your pets hair is cut you can release the cut hair in to your trash bin by snapping off the hair collection holding chamber.

C.

D.

Roll forward to cut your dog or cats hair

Cut hair collector department .

Detachable Hair Cup For Easy Cleaing.

**Cuts with ease.
